

December 12, 2023

The Honorable Yamekia Robinson
Mayor, City of Lake City
202 Kelley Street
Lake City, SC 29560

Dear Mayor Robinson:

This letter offers my support and encouragement to the City in their application for funds to support construction of a restroom and concession building at Blanding Street Park's new multi-purpose field. These new amenities are a wonderful resource for our City's youth recreation programs, but without a restroom nearby it will be difficult to host our practices and games. The walk back to the current restrooms would require a chaperone for our children and the round trip could take a half hour or more out of our practice/game time! The concessions are important to our program too as we host many spectators for games, and the sales help to support our program.

Thank you and the Council for your vision to continue to improve Blanding St. Park for our community. The addition of the walking trail, playground, picnic shed and basketball court are all welcomed and appreciated. Once the restrooms are constructed the use of these facilities will only increase!

Sincerely,

The Honorable Yamekia Robinson
Mayor, City of Lake City
202 Kelley Street
Lake City, SC 29560

Dear Mayor Robinson:

We support for the City's application to receive a Land and Water Conservation Fund grant to construct a restroom/concession building at Blanding Street Park. We are thrilled to see the recent improvements to expand recreation activities at the park, but it is unfortunate that the only restroom/concessions are far from these amenities. The multi-purpose field will enable the City to save funds they now expend to lease the high school football field, and with a restroom/concession nearby we will be able to hold games at Blanding St. Park. Access to this proposed facility will increase park use for the basketball, walking trail and playground areas.

We look forward to this park improvement! Thank you for continuing to expand the outdoor recreational activities for our citizens.

Sincerely,
